013001-LB01C013A: Model of 4 week human embryo. Silicone with beating heart. Move around head and heart of embryo resting within womb. Endoscopic Lighting

013001-LB01C013B: Model of 4 week human embryo. Silicone with beating heart. Pull out from BCU eye to heart. Endoscopic Lighting

013001-LB01C014A: Model of 4 week human embryo. Silicone with beating heart. Hold on head. Endoscopic Lighting

013001-LB01C015: Model of 4 week human embryo. Silicone with beating heart. Rotate around limb buds. Dorsal view. Endoscopic Lighting

013001-LB01C016A: Model of 4 week human embryo.. Silicone with beating heart. Rotate around limb buds. Dorsal view. Endoscopic Lighting

013001-LB01C016B: Model of 4 week human embryo. Silicone with beating heart. Move in to heart. Ventral view. Endoscopic Lighting

013001-LB03C016: Model of 4 week human embryo. Silicone with beating heart. BCU track up umbilical chord to limb bud. Endoscopic Lighting

013001-LB03C017: Model of 4 week human embryo. Silicone with beating heart. Wide track around body with focus on the umbilicus connecting to placenta. Track is around dorsal surface. Endoscopic Lighting

013001-LB03C018: Model of 4 week human embryo. Silicone with beating heart. Hold over dorsal surface of body with focus on the umbilical chord connecting to placenta. Endoscopic Lighting

013001-LB04C063A: Model of 4 week human embryo. Silicone with beating heart. Move from heart to eye to rear limb bud. Left side. Endoscopic Lighting

013001-LB04C063B: Model of 4 week human embryo. Silicone with beating heart. Move from leg limb bud to heart. Left side. Mid shot. Endoscopic Lighting

013001-LB04C063D: Model of 4 week human embryo. Silicone with beating heart. Move from eye to beating heart. Mid shot. Endoscopic Lighting

013001-LB04C065A: Model of 4 week human embryo. Silicone with beating heart. Move rear limb bud to front limb bud. Endoscopic Lighting

013001-LB04C065C: Model of 4 week human embryo. Silicone with beating heart. Wide rotating move from head to view over rear limb bud towards head. Finally track in towards heart and head. Endoscopic Lighting

013001-LB04C066: Model of 4 week human embryo. Silicone with beating heart. CU track from and to from arm limb bud. Endoscopic Lighting

013001-LB04C067: Model of 4 week human embryo. Silicone with beating heart. Rotate around head from head end . Arm limb bud and heart visible. Endoscopic Lighting

013001-LB04C068A: Model of 4 week human embryo. Silicone with beating heart. Rotate around head from head end . Track over Arm and leg limb buds. Heart visible. CU. Endoscopic Lighting

013001-LB04C068B: Model of 4 week human embryo. Silicone with beating heart. Rotate around head from head end . Hold over heart and arm limb bud. Heart visible. CU. Endoscopic Lighting

013001-LB05C017: Model of 4 week human embryo. Silicone with beating heart. Wide rotate around embryo. Dark Field Backlighting

013001-LB05C018: Model of 4 week human embryo. Silicone with beating heart. CU move into heart with rotation. Dark Field Backlighting

013001-LB05C019: Model of 4 week human embryo. Silicone with beating heart. Mid shot rotate around embryo over body in profile to dorsal view and view from back of body. Small zoom. Dark Field Backlighting

013001-LB05C020: Model of 4 week human embryo. Silicone with beating heart. Zooms in and out of whole embryo with CU track to head at the end. Dark Field Backlighting

013001-LB05C021: Model of 4 week human embryo. Silicone with beating heart. Close up move over developing head and spinal chord Profile. Dark Field Backlighting Shot reversed in motion.

013001-LB06C006: Model of 4 week human embryo. Silicone with beating heart. VBCU beating heart. Profile Dark Field Backlighting

013001-LB06C007: Model of 4 week human embryo. Silicone with beating heart. BCU head. Move onto eye. Dark Field Backlighting

013001-LB06C008: Model of 4 week human embryo. Silicone with beating heart. CU beating heart. Ventral view. Dark Field Backlighting

013001-LB06C009: Model of 4 week human embryo. Silicone with beating heart. CU beating heart. Ventral view. Dark Field Backlighting

013001-LB06C011: Model of 4 week human embryo. Silicone with beating heart. CU beating heart. Profile view. Dark Field Backlighting
